WHAT IS A JOSPER CHARCOAL OVEN?

Most of our main courses are being prepared in the "Josper", a robust charcoal grill and closed barbecue. When closed, the oven reaches temperatures up to 400 degrees Celsius! The charcoal and perfect circulation of hot air creates the unique taste, aroma and texture. Every dish containing meat, fish, poultry but also vegetables and pasta are being cauterized and roasted and will get a characteristic smokey flavor. This ensures an authentic texture and juiciness in your dish. Enjoy!
